Deep Blue Sea

Did you know that 86% of people claim that blue is their favourite colour? It's peaceful, it's classic and it looks darn pretty in a planter. Also, we were totally lying about that stat, but there's nothing like quoting numbers to make us sound like we know what we're talking about. In fact, did you know that 92% of the people reading this will now proceed to re-watch Deep Blue Sea, and 100% will purchase this lovely combo of blue, violet and white blooms?
